

Junior technician for commissioning (m/f/d)

Your tasks:

- Mechanical commissioning of our enamelled wire plants together with an experienced team
- Adjustment, test operation and optimisation of plants
- Verification of plant installation at customer's site

You offer:

- A completed technical apprenticeship (automotive technician, locksmith, welder or similar) or an apprenticeship at a technical college (HTL)
- Willingness to travel internationally
- German and English language skills
- An independent and self-reliant way of working
- Class B driving licence
- Strong communication skills and team spirit

We offer:

- A varied and responsible field of activity in a globally recognised company with a family environment
- Future pension plan on top of the agreed salary
- Employee bonus programme

Your **gross annual salary** for this position is at least 30.000, - on a full-time basis, whereby we are prepared to grant a significant overpayment depending on your previous experience and qualifications.

Please send your application to: hr@mag.at

We look forward to receiving your application.
