

Project Manager (m/f/d)

Your tasks:

- Independent project management of complex projects in plant construction
- Responsible for the creation of and adherence to the project plan
- Regular project controlling (performance, deadlines, costs, quality)
- Carrying out project escalations, both internally and externally, for all project-relevant requirements
- Preparation of internal and external project reports and other project documents
- Interface between technical departments, customers and commissioning teams
- Risk / claim management within the scope of the project

You offer:

- Completed technical training (preferably interdisciplinary in the field of mechatronics or mechanical / electrical engineering).
- Professional experience in project management desired
- Good knowledge of German and English
- Other foreign languages an advantage
- Very good IT skills (Office, ERP)
- Willingness to travel (max. 25%)
- Class B driving licence

We offer:

- A varied and responsible field of activity in a globally recognised and innovative company with a family environment
- Future pension plan on top of the agreed salary
- Employee bonus programme
- Flexible working hours

Your **gross monthly salary** for this position is at least € 3.500, - on a full-time basis, whereby we will agree on your actual salary with the willingness to overpay according to your qualifications and experience.
